INTRODUCTION OF PROTECTIVE INCCULATION FORCED EXPORT OF VITAL PRODUCTION

DIPETERIA, WHOOPING COUGH INCCULATIONS -- Budapest, Spabad Nop, 26 Apr 52

During April, the Ministry of Health has ordered inoculation with a combined diphthsria-whooping cough serum of all 7-12 month-old infants in Budapest It is expected that this program, the first of its king in Eungary, will shortly spread over the whole country.

HUNGARIAN PRODUCTS LABELED IN RUSSIAE -- Rome, Rollettino Danubiano, 21 Apr 52

Detrite increased production, chemical and pharmaceutical products have almost disappeared from the Hungarian market. Recently, when there was an acute shortage in hospitals and health institutions, government propaganda, agencies announced shipment of chemical and medicinal items from the USSR. As production figures are not published, the people believe that these products of Eungarian manufacture are gifts from the USSR because the labels are printed in Russian.

Russian labels are also put on caused meats, fat and jam jars, and on flour bags to make the people believe they are aid from the USSR. But it is finelly becoming known that 60-70 percent of Hungary's total agricultural and industrial production has been exported to the USSR as war Expansions.

When the Hungarian Communist Party feels that the discontent of the workers is becoming dangerous permission to withold articles in short supply from shipments destined for the USSR is requested from Moscow.

The amount of goods shipped out of Eungary to the UESE can be gauged from the following examples. Certa of Budapest, the only manufacturer of medical and pharmaceutical goods, consigns four carloads of bardages and medicines (its total production) weekly to Ferencepros rathroad station in Budapest for the Sawiet Hilitary Commission. The Tosses chemical plant near Coulomb with kunfelegyhaza, which produces sulfuric acid and industrial gases and employs 800 workers, ships five or six carloads of gageous products and acid weekly direct to the UESE via the border station of Calibria.
